(By CHARLES J. ARNOLD)

WILL EDITOR FOX, BLAME  
DEPAUW FOR THIS SITUATION?

The over zealousness of the Indianapolis athletically inclined business men and Butler alumni to develop a "big league" athletic plant and nationally prominent athletic teams, in Butler, has resulted in disaster for the school. Not content to trow along with other Indiana schools in an athletic way, Butler, several years ago under the athletic direction of Pat Page, now of Indiana University, who was backed by the Indianapolis press and athletically inclined Butler alumni and Indianapolis sporting fraternity, started out to "go big" in athletics. And as the result that the school now has a "top heavy" athletic situation. "Professional" disclosures resulted in the wrecking of its basketball team this season and now the North Central Association of Colleges, the controlling group of central western schools, has expelled Butler, for the reason that it is "athletically top heavy". Approximately 250 schools are members of the association. The \$500,000 Butler athletic plant, financed by Indianapolis business men and the Indiana High School Athletic association, through the actions of its commissioner, Mr. Trester, is the basis for the ruling of the association in expelling Butler. By reading the Indianapolis sport pages in the past few years one would have been led to believe that Butler was simply and athletic developing institution rather than a University of learning. But, after all, what has Butler big athletic splash resulted in except disaster. Athletics are fine—I am for them, but—there should be moderation in everything. Butler now can "relax" in its athletic activities and put a little more stress on its scholastic departments and University endowment. And thus it may get back into the good graces of the College Association.

## BEAT WALKERS ARE BECOMING OBSOLETE

The day of the beat walking, club-swinging police officer is about over, he has become as obsolete as the kerosene lamp and the one horse chaise. The prevention of crime and the rounding up of criminals has become a motorized job and police departments everywhere are buying more automobiles every year. In many cities the police department has not only been motorized, but, also, radioized. These police cars are equipped with bullet-proof glass and carry a crew of expert marksmen who are further protected with bullet-proof vests, and are equipped with radio. A low wave length radio set is kept constantly tuned in with the police headquarters broadcasting station.

## HERE'S A DOCTOR WHO HAS A "CHARMED" LIFE

Dr. G. T. Clayton, Monon physician, is beginning to believe he lives a charmed life. On five occasions he has been struck by trains and each time he has escaped with only minor injuries.

Dr. Clayton was struck for the fifth time recently, when a Monon switch engine hit him as he was driving his auto over a crossing. Dr. Clayton continued his round of calls before going to a garage for small repairs.

I heard of a man who is so vain, he sprinkles salt on his coat collar so people won't know he wears a wig.

Here is a co-incidence. Twenty years ago—Saturday, March 26, 1910—A. B. Hanna opened his new furniture store—Saturday, March 29, just 20 years and 3 days later—Link & Sons, will open a new furniture store in the same room.

The Weather to the contrary, Friday, March 21 was the official opening of spring.

## NERVOUS BANDIT SHOOTS CASHIER IN BANK HOLDUP

## THREE MEN ATTEMPT TO HOLD- UP KENNARD BANK—ARE BE- ING SOUGHT BY SHERIFF AND INDIANAPOLIS AUTHORITIES

NEWCASTLE, Ind., March 22.—(INS)—Three bandits who shot and wounded Charles Pierson, 53, cashier of the State Bank of Kennard at Kennard, Ind., eight miles west of here, in an unsuccessful attempt to holdup the bank, were being sought by Sheriff Elmer Cannon and Indianapolis authorities today.

Kennard was hit in the right shoulder. His wound was not serious and he was said to be recovering this morning in a local hospital.

The bandits escaped in a Maroon-colored roadster. Sheriff Elmer Cannon obtained the supposed license number of this machine but this number apparently was not obtained correctly as it was located on a machine in Indianapolis shortly afterwards.

The three men, one about 38 years old and the other two around 25 years of age, entered the bank ten minutes before closing time. One husky and rough looking member of the trio pointed his gun at Pierson and ordered him to "stick 'em up!" Before Pierson could do so the gun went off. It was believed the bandit was nervous and accidentally discharged the weapon.

After the shot the men tumbled out of the bank in a panic, jumped into their machine and sped off. They went south from here. It was believed they headed for Indianapolis later. No clues to the bandits have been found.

Pierson and his wife went through the holdup on September 28, 1928, when the bank was stuck up and robbed of several hundred dollars by bandits.

## CIVIL WAR VET DIES AT HOME

PARKERSBURG, March 21.—Abraham Fink, aged 87, a Civil War veteran, succumbed to complications of old age at his home here at one o'clock this afternoon. He had been ill since last January.

Mr. Fink was born October 2, 1842 in Lewis county, Kentucky, the son of Eli and Mary Fink. He was united in marriage to Lucretia A. Carter on Oct. 19, 1865. The deceased was a member of the Raccoon M. E. church.

Mr. Fink served in the Union army for three years of the Civil War as a member of the 126th Regiment of the regular army, Company K and as a member of the 11th Indiana Cavalry. He was a member of the McPherson Post.

The deceased is survived by a daughter and a son, Mrs. Lillie Richardson and Fred Fink, both living here; a brother, Fred Fink, Sr., of Russellville; a niece, Mrs. Oliver Whitson of Russellville and two nephews, Charles and Ernest Fink of Indianapolis.

Last rites for the stricken man will be held at his home in Parkersburg at 10 o'clock Saturday morning with the Rev. Fenwick Reed of Greencastle in charge. Burial will be in the Russellville cemetery.

## VITAPHONE EQUIPMENT TO BE COMPLETED SOON

## "NO, NO, NANETTE," SPECIAL ROAD SHOW, TO BE OPENING PROGRAM OF TALKING PICTURES AT THE VONCASTLE

## WEEK END FAMILY PROGRAMS Specially Built Screen One of Largest in This Part of State

The installation for Vitaphone Talking pictures at the Voncastle Theatre is well under way and in all probability will be completed by the first of the week. Final test-outs are now being made and the sound is coming thru wonderfully and proves that the Voncastle Theatre is well adapted for sound and talking pictures and since the auditorium is being made sound-proof with specially prepared acoustical felt for the walls and ceiling, the acoustics will compare very favorably with any of the best theatres operating today.

Manager Walter Bidwell is making preparation for a Gala Opening program starting with Midnight show, Saturday night, March 29th. The opening production to show will be the First National Vitaphone picture, "No, No, Nanette" starring Bernice Claire and Alexander Gray, which is one of the largest musical road shows of the current season. A Laurel-Hardy Talking comedy will also be on the opening program, which will continue thru Sunday, Monday and Tuesday, March 30-31 and April 1st.

A large specially built screen has been installed which measures about 24 feet wide by 20 feet high, making one of the largest sized pictures in this section of the state which is certain to attract attention of the patrons as seldom will there be found a screen of that size in any small town theatre. Special size lenses have been purchased to throw a picture on the large screen that will cover practically the entire opening of the Voncastle stage.

The equipment is one of the best installations on the market and Vitaphone presentations will be the featured attraction of this theatre starting with the opening program on Midnight, March 29th.

The experienced engineers have been busy for the past week making every effort to have things exactly in order for the opening and it is expected that Greencastle theatre-goers will appreciate the efforts brought forth by Mr. Vonderschmitt, owner, to bring to this city another talking picture theatre which will afford variety of entertainment for their recreation and amusement.

All the leading Vitaphone production will be featured, such as Warner Brothers, First National, United Artists, Metro-Goldwyn-Mayer, Fox, Universal, Pathe, Radio and in fact all the leading producers of Talking pictures.

The installation when completed will cost approximately \$10,000.00 and is highly guaranteed to give satisfaction by the Factory and it is the desire of Mr. Vonderschmitt that the patrons be frank and let him know just what they think of the equipment, as expense and time have been nothing in question in order that the Voncastle will be able to present only the highest class entertainment at all times.

One feature of the Voncastle Theatre which will be of interest to its patrons is that each Friday and Saturday program will be especially devoted to family entertainment, a class of program that will appeal to everyone, children and parents and the efforts are being made to book only programs for each week end that will give satisfaction for all the family, such as comedy features, Talking Westerns, action, Serials and other amusement in that classification.

## "SCARFACE" AL "HAS IT OUT" WITH POLICE

## GANG LORD IS TOLD THAT HE IS NOT WANTED IN CHICAGO— WILL BE ARRESTED ON SIGHT

## IS UNMOVED BY WARNING

Capone Obliging Explains Whereabouts Since Release from Pennsylvania Prison Where He Served 10 Months For "Gun Totin' "

CHICAGO, Mar. 22.—(INS)—Apparently unmoved by the police warning that he must get out of town, Alphonse "Scarface" Capone, reputed leader of Chicago's best known gang returned to his desk today to attend to his "business interests."

Strolling into the office of deputy police commissioner John Stege yesterday afternoon, Capone made his first appearance since his release from Eastern Penitentiary, Philadelphia last Monday. He had been sought by police continuously since his release.

"Here I am now what are you going to do about it?" was the attitude his words and demeanor spoke.

"I have no charge against you, but it will not be safe for you to hang around town, Al", Commissioner Stege told the gang leader, who has been credited by authorities with some of Chicago's choicest underworld executions.

Capone arrived with his legal adviser, Thomas D. Nash. As their automobile drew up in front of police headquarters another automobile containing three watchful men, stopped on the other side of the street. They looked carefully in all directions as the beer baron made his way into the building. Capone always has a few bodyguards on the job.

The police said they didn't want him, the state's attorney and the federal prosecutor said the same thing. Capone, coming out of seclusion for the first time since his release Monday from Philadelphia penitentiary called on them all.

John Swanson, state's attorney, not taking time to see the gang leader personally sent word to his caller that he had no charge against him at present.

Assistants to the United States attorney told Capone that until his contempt of court case, on which he is out on bail is called for hearing the federal government had no desire to detain him.

Stege also told Capone police had no charges to bring against him, but would nevertheless arrest him on sight every time he appeared in public. He also mentioned, in his argument against Chicago as a permanent home for Capone the large number of gang killings.

Capone suggested his arrest would not be legal and Stege replied that Capone could always sue for false arrest.

"I don't want to sue anybody," Capone said. "All I want is not to be arrested if I come downtown."

"You're out of luck," was the reply. "Your day is done."

Capone obligingly explained where he had been since his release from the Philadelphia prison where he served ten months for possession of fire arms.

First, he explained, he waited in Philadelphia, figuring no one would look for him there. Then he drove to Chicago and stayed at a friend's home until he decided "to have it out with the cops."

## ELLIS WILL RECOVER

LADOGA, March 21.—Charles Ellis, the lad who miraculously escaped death Sunday when he fell from the top of the Raccoon creek bridge, is getting along as well as could be expected.

## APRIL 6 LAST DAY TO FILE FOR WAR COMPENSATION

INDIANAPOLIS, Ind., March 21.—The American Legion national office at Indianapolis today warned all World War veterans that April 6 is the final date for filing claims for compensation for disability incurred in war service.

April 6 also is the last date for submission of evidence to support claims on disabilities, other than nervous and mental disease, spinal meningitis, active tuberculosis, paralysis, agitations, encephalitis, lethargia and amoebic dysentery, unless there is an official record of the injury during service, or at time of its charge, the office reported.

## SECURE PERMIT BEFORE PRUNING YOUR TREES

## MAYOR ANNOUNCES THAT ORD- INANCE ON MATTER WILL BE ENFORCED—PENALTY OF \$50 FINE AND 30 DAYS IN JAIL PROVIDED

Several property owners in Greencastle are pruning and cutting trees on the grass plots between the sidewalks and streets along their property without permission of the city council as provided by ordinance according to announcement made today by Mayor W. L. Denman. The mayor said that this was ruining the trees and the beauty of the streets.

The city council in April 1927 passed an ordinance providing that property owners who wished to prune or cut trees in the grass plots along their property should secure the permission of the council and do the pruning under the direction of Professor Truman Yunker, whom the city has appointed for the work.

The Mayor said this morning that in order to preserve the beauty of the City of Greencastle it would be necessary to enforce this ordinance. The ordinance carries a penalty of a \$50 fine and thirty days imprisonment in the county jail. The mayor added that if violations of this ordinance continued arrests would be made.

## CORN CONTEST CLOSES TODAY

The seed corn germination contest, which has been under way in the First National Bank for the past several weeks closed today at 2:30 o'clock when the dolls were unrolled, and the germination of the various ears of corn were read. Winners are to be announced as soon as the cards containing the guesses of the farmers have been assorted and judged.

The contest was sponsored by the First National Bank and the county agent. Five exhibits each containing ten ears of corn were on display. Farmers were asked to put on cards their judgement as to the germination possibility of the various ears.

Floyd Miller, county agent discussed the different ears of corn after the dolls were unrolled. He also spoke on the seed corn situation in the county, which he declared to be more serious than most farmers think. Most of last year's corn will not grow, and many ears of corn that look good are dead he said.

M. M. Bassett, also spoke to the large group who were present at the opening of the dolls. He discussed the results of the seed corn tests made by agricultural students in Greencastle high school.

The corn for the contest was selected from five different farms, some from the field, some from the crib and other ears which had been picked for seed corn.

# First New Planet in Eighty-four Years Discovered by Man Dead Sixteen Years

Dr. Percy Lowell, elder brother of Lawrence Lowell, president of Harvard University, and scion of the distinguished line of Massachusetts Lowells, was so sure that the solar system contained a planet not hitherto known to man, that he made a prediction twenty-five years ago as to its existence and pointed to the astronomers where it might be found. Then this amateur astronomer sought a spot in all the earth from which to mount a telescope to find it. He selected Flagstaff in

the desert of Arizona. The lenses were made by New England lens grinders. Sixteen years ago Dr. Lowell died. Every night since his death men maintained by the funds he raised to erect the Lowell University Telescope have been searching the skies. Now they announce that this astonishing faith of twenty-five years ago has come true. They found the planet just where Dr. Lowell had predicted it would be found. This solar map shows the spot.

## Plans to Take Record From Zep

John Henry Mears, New York business man and world famous globe girdler, seated in the cockpit of a training plane at Central Airport, Camden, N. J., where he is taking flying instructions. His purpose is of course the unswerving determination to get one more hold on the record for the around-the-world trip. In 1920, with Pilot Captain Charles B. Collyer, he used a plane for a major part of the globe-circling exploit in which he established a record of 23 days. The record was short-lived, however, for the very next year the Graf Zeppelin made the trip in 21 days.

CHRISTIAN SCIENCE SERVICES

"Matter" is the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, March 23.

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For they that are after the flesh do mind the things of the flesh; but they that are after the Spirit the things of the Spirit. For to be carnally minded is death; but to be spiritually minded is life and peace. Because the carnal mind is enmity against God: for it is not subject to the law of God, neither indeed can be" (Romans 8: 5-7).

The Lesson-Sermon also includes the following citations from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The corporeal senses are the only source of evil or error. Christian Science shows them to be false, because matter has no sensation, and no organic construction can give it hearing and sight; nor make it the medium of Mind. Outside the material sense of things, all is harmony" (p. 489).

The Vancastle Theatre will operate daily Matinee and Night, starting with the opening program continuing so thru the summer months.

The Granada will also operate daily as in the past continuing with its high-class Movietone Productions. There being so many Talking pictures purchased for this year, that both houses will run full time in order that the programs may all be played up in time to accept the product coming out next season.

It is well to announce that the Granada Theatre has many excellent Movietone productions coming also, and no thought in mind of making it a second-class house and Greencastle Theatre patrons will now have opportunity to choose their favorite program when attending the theatres, while in the past, one program would not often satisfy, in the event that many may have seen the picture or did not care for the particular kind of entertainment.

In operation of both houses, the pictures can be played up earlier and afford a more elaborate variety for all first-run attractions.

## Lost in Rush of City, He's a Mystery Boy

This little boy, lost in the shuffle of a big city and forgotten by his parents, is waiting at St. Vincent's Home in Chicago for some one to claim him. Authorities have traced the baby to the early months of life, spent at a boarding home at 6446 S. Carpenter St., Chicago, but no records have been found to tell when or by whom he was left there. The investigators reported the case to the Juvenile Court and the baby disappeared, later to be found at St. Vincent's Home. Nobody is even sure of his name, but they call him Dickie Goodall. He is now about a year and a half old.

## OBITUARY

Noislessly, as the daylight comes, the angel of death came and bore to her eternal reward the soul of Cleotis Ruby Watson.

Though we shall miss her, and are grieved at her passing, our hearts are comforted with thoughts of her happiness in that wonderful city not made with hands, eternal in the heavens.

Cleotis was the second child of Carl and Maggie Trail Watson and was born Feb. 11, 1906 near Carpentersville, Ind., and died Sunday morning, March 16, 1930 at her home in Fillmore, aged 24 years, 1 month and 5 days. In the morning of her life, her sun went down while it was yet day.

She has been ill many months with that dread malady tuberculosis, enduring with patience and resignation her great suffering. Greeting her friends lovingly with a smile and pleasant words at all times. God calls our loved ones, but we lose not wholly what he has given; they live on earth in thought and deed, as truly as in heaven.

Cleotis united with the Fillmore Methodist church during the series of meetings held in June, 1929 under the preaching of Rev. H. A. Sherrill and has been true to her vows, attending the services of the church as long as health permitted.

She was a graduate of the Greencastle high school being a member of the class of 1927.

Surviving her is her baby girl, Betty Jean, whom she loved as only a real mother knows how to love. Every thought of her heart and being was for the welfare of this tiny daughter. Her mother, three brothers, Landy, Joseph and Woodrow, a sister-in-law and little nephew, the wife and son of Landy, and many other relatives and friends.

Her father passed away March 31, 1929.

We turn for comfort to Him; and may we even in our sorrow know "God's in his Heaven, All's right with the world." May the seeds she would have sown had God willed, not fall on fallow ground but grow and bear fruit in the lives of us who are left behind.

"Say not goodbye; the flowers of June

May hide their faces all too soon; But while beneath the mold they lie, They say goodnight, but not goodbye.

Say not goodbye, hearts sore distressed, For her you mourn is but more blessed;

Is but asleep; she is not dead She said goodnight—But not goodbye."

## CARD OF THANKS

We desire to express our sincere appreciation for the many kindnesses and expression of sympathy, during the recent illness and at the death of our beloved daughter and sister.

## Whirling Terror of the Skies

Here is an actual photo of the "baby" twister whirling across the sky on its destructive mission during the freak storm which hit Los Angeles, Cal., inflicting great property damage. The roofs of several buildings were completely torn away. A few persons were slightly injured when they were lifted off their feet and carried by the terrific force of the mild tornado.
